Puzzle #47 – April 2005 "Capital Punishment"

Instructions: Guess the words defined by the cryptic clues (words vary in length from four to nine letters; ten are capitalized and two are foreign), then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right margin continue on the next line, and down words that don't end at the bottom margin continue in the next column. Five across and five down words won't fit in the grid unless one of their letters is removed. Those ten letters, taken in order as they occur in across and down words, spell a word related to the title of the puzzle.
