

Puzzle #24 – May 2003 "Flights of Fancy"

Instructions: Guess the words defined by the cryptic clues (words vary in length from four to seven letters), then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right margin continue on the next line below; down words that don't end at the bottom margin continue in the next column to the right. Six across words and five down words won't fit in the grid unless one of their letters is omitted. Those eleven letters, taken in order, spell two words related to two other words hidden in the completed grid that solvers are invited to find. Answers include four proper names. As ever, I am grateful to Kevin Wald for help with the clues.
